Dear Ms. Morrison:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 607644 (UNT PIR No. 003764).

The University of North Texas (the "university") received a request for all contracts between specified entities and financial statements for a specified time period. You claim the submitted information is excepted from disclosure under section 552.110 of the Government Code. Additionally, you state release of some the submitted information may implicate the proprietary interests of Higher One, Inc. and Wells Fargo Bank Texas. Accordingly, you state, and provide documentation showing, you notified these third parties of the request for information and of their right to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have considered the submitted arguments and reviewed the submitted information.

Although you raise section 552.110 of the Government Code for the submitted information, that exception is designed to protect the interests of third parties, not the interests of a governmental body. *See* Gov't Code § 552.110 (excepting from disclosure "[a] trade secret obtained from a person and privileged or confidential by statute or judicial decision" and "[c]ommercial or financial information for which it is demonstrated based on specific factual evidence that disclosure would cause substantial competitive harm to the person from whom the information was obtained"). Thus, we do not address your argument under section 552.110. We further note an interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) to submit

its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See id.* § 552.305(d)(2)(B). As of the date of this letter, we have not received comments from either third party explaining why its information should not be released. Therefore, we have no basis to conclude either third party has a protected proprietary interest in the submitted information. *See id.* § 552.110; Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish prima facie case that information is trade secret), 542 at 3. Accordingly, the university may not withhold any of the submitted information on the basis of any proprietary interest either third party may have in it. As no further exceptions to disclosure are raised, the university must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
